

Outreaches December 2009

From the TOP

This December, the Lord allowed us to reach out to many people: young and old, Lebanese, Iraqi and Armenian.

They all received us and the gospel of Jesus Christ.

As a picture says a thousand words, here is our month in a nutshell

We visited Iraqi children
and celebrated Christmas with them .
We did some face painting

Some songs
and some dancing

**And a puppet show to explain
the true meaning of Christmas**

Hello puppets !

we also gave hats and bags of cookies
to each child

Another event was among the Armenian community in the poor neighborhood of Beirut area where we fed a big number of people. We lost account of how many because many took food out to their sick parents or to their disabled neighbors. What we can account for is 50 kg of Hamburgers and 40 kg of hotdogs that disappeared .

We would guess about 400 people were fed

Preparing the bbqs

Team work

Everyone getting ready to work

Good meat

Bread of life

Making hundreds of sandwiches

Feeding hundreds

A drink for the thirsty

clowning

Presenting dramas

And the gospel

We prayed for many people who accepted Jesus as their Lord and savior and many were also healed from physical illnesses.

Praise the Lord!

Another Christmas event was with the Iraqi women who sang with us, cried with us, and allowed us to pray for them .

A view of the crowd
(more than a hundred women)

Praying for them individually

And feeding them

Praise the Lord for the
way he allowed us to
advance His Kingdom in
the earth.

We also had the privilege
to host Pedro Eustache
at the TOP for a great
time of worship
