### Greetings in the name of Jesus

As most of you know, at the Tent Of Praise (TOP) we are committed to help the bride of Christ arise into her position and her authority in Christ and to lead her into this place of intimacy with the bridegroom Jesus. We look forward for the day where His kingdom will be fully manifested on earth as it is in heaven and are pressing into it.

*Come with me from Lebanon, my bride, come with me from Lebanon (Song of Songs 4: 8)*

### The Global day of prayer

In our effort to gather the church in unity and prayer, we helped organize the Global day of prayer in Lebanon on Pentecost day where we had a glorious time worshiping, and praying over every sphere of influence: government, kids, youth, media, families, economics and mainly the bride of Christ: the church!

### Travelling

In our effort to spread the fragrance of our calling (intimacy in worship), Michel and part of our worship team travelled to Jordan, Dubai and Abu Dhabi to give seminars on worship. The response was outstanding and we are starting to see an army of worshippers arising in the Middle East. We will also be going in July to Hungary to lead and teach intimate worship to missionaries who are working all over the ME and NA

## Outreaches

We are also committed to be part of the solution and extend a helping hand wherever we can!

In one of our outings, we had the privilege of visiting one of the Bedouin camps where some friends of ours are working and we are planning to do follow-ups in these camps

The people living there are uneducated, with not even basic hygiene knowledge and with no prospects for a future. They get married at the age of 14 and most of the men have several wives and a lot of children.

## Summer outreaches

As the summer is starting, we are making plans to send teams out in short term missions to help in any way they can. This team of mainly youth will go out to love people, evangelize, heal the sick and be a helping hand. Some of the outreaches will be in Lebanon and some others will be in neighboring countries.

Please pray for this project as we really need the presence of God to go before the teams
