Greeting from the TOP

As we continue to pursue God's presence in our lives personally and corporately, we are seeing breakthroughs in many areas of our lives and ministry.

And this is why as we desperately want more of Him, and desire more of Him he has led us into starting a corporate fast: Daniel's fast that will last till the 21st of Dec.

We feel a drawing, a voice calling us saying: draw near my child, and all we do is responding.

Highlights of the past month.

One night we transformed the TOP (tent of praise) into a tabernacle leading to the cross and the throne of grace.

People from every walk of life could engage the presence of God. Oh what a glorious night!

This is a brief look at how it looked that night! Stations of prayer were scattered all around the TOP

Outreaches

How can we claim to love God if we do not love His children. Several of us gathered to work on sorting out donated clothes and shoes and pack them in order to facilitate their distribution.

We also went into homes to bring a smile in a world of sadness, poverty and misery

The young generation also was involved.

The bible society provided us with food boxes that we could distribute to the poor and needy. And we found those who are really struggling to survive.

Coming events

The month of December promises to be very busy with events

One of the activities would be a visit with the Irakian refugee children (the 19th of dec) to share with them the joy and the message of Christmas. We will be having a puppet show and distribute sweets to all)

Another visit will be with the Irakian ladies (the 21st of Dec) to pray for their needs

We are also planning to have a Christmas event (on the 26th of dec) in one of the poorest areas in Beirut where we will be providing a Christmas dinner to as many as possible. (about 250 people)

Christmas caroling with the sharing of the gospel in the streets of Jdeide is also on our calendar

Support

You are welcome to join us in any of these activities or to help us financially. Any small gift will be greatly appreciated. And know that you will be bringing a smile to these unfortunate people.
