

Greetings everyone

Septembre newsletter is full of good news. We can testify of all the good works that the Lord God is doing in our midst.

Outreach in Hrajel

We held an evangelistic concert in Hrajel area where festivities were going on. And there the Lord opened hearts and we saw several Muslims give their lives to Jesus

The crowd celebrating

Prophecies were given, words of knowledge were released and the Lord was glorified

Outreach in Nabaa

As we always say, we cannot keep our joy and the good news of the gospel inside the walls of the Tent of Praise, so we organized an event to reach whole families.

We took some 350 Samaritan boxes, our sound equipment, our youth who performed dramas, our puppet gears... and headed to one of the poorest areas in Beirut.

We were reminded that Jesus did not only invite the wealthy, or the good people to the feast of the lamb but he specifically said: go to the poor, the needy, the crippled... And invite them all.

The gifts were organized in such a way that everyone had to register their names and ages before receiving one. Praise God for administrators

So we took this saying to the letter believing that there is enough bread on the table of God for everyone.

The youth performed the story of salvation

And the crowd had tears in their eyes

The team who was going in the streets inviting people in, was indeed inviting everyone.

They reached a place where beggars were begging in the street and when invited to the celebration, these kids were quite reluctant to go because of the punishment that they might receive later. But finally too tempted, they started running behind the car to get in.

They received prayer, got confronted with the gospel and received

gifts.

Praise the Lord !

The Lord is opening so many doors before us and we are so honored to be used by Him in these times.

We do feel a sense of urgency to spread the word as He is coming soon!
